

Conscientious

Last night I went home and the TV was on
The cartoons were blaring so I had to be strong
Took out my homework got my learning in sight
Get it done now, get it done right

Chorus

*It takes a bit more effort, I might have to sweat it
Trying as hard as I can
But if I find a way to set my new goals, get more involved
Then I'll stick to the plan*

*The choice has got to be mine
Conscientious is making the call
I want to put in the time
Conscientious means giving your all*

Sometimes it is easier to talk and have fun
Clowning around, nothing gets done
There is no moving up, you stay where you are
Nobody gets to go very far

Chorus

I'm gonna do my best and check my work too,
Make sure I finish it - read it all through.
Get enthusiastic, taking my turn
Ready to go for it, ready to learn

Chorus
